I feel my temperature rising for you  
From ninety-eight to a thousand and two  
I feel my temperature, no need for doctors  
I know you got what it takes, love, to keep the pressure  
up  
No need to slow or stop

Go  
I can show you colors that never existed  
Show you I've got substance, whoa

I'll give you everything you need, my love  
I'll show you all you need to know  
I've never felt this way about someone  
Whoa, oh, oh

I feel my temperature rising, do you?  
There's just no way to describe it, it's true  
I need your medical attention, fix me up and turn me  
on love  
Go grab a scalpel, c-cut me open

Go  
I can show you colors that never existed  
Show you I've got substance, whoa

I'll give you everything you need, my love  
I show you all you need to know  
I've never felt this way about someone  
Whoa, whoa  
Whoa, whoa  
I'll give you everything you need, my love  
I show you all you need to know  
I've never felt this way about someone  
Whoa, whoa  
Whoa, whoa

(Go grab the paddles, well he's a gonner)

I can show you colors that never existed  
Show you I've got substance  
I feel my temperature rising

I'll give you everything you need, my love  
I'll show you all you need to know  
I've never felt this way about someone, whoa  
And I hope you know  
I'll give you everything you need, my love  
I'll show you all you need to know  
I've never felt this way about someone  
Whoa, oh, oh
