I've been sneaking glances  
And writing lines about you  
What you think you can take back are the things  
That are going to haunt you

This time won't be the last time  
That I'm coming straight for your heart  
You know how I move  
And if I must say, I know that I'm worth

More than you thought  
You've never compromised without rolling your  
I know you've completely torn apart the fact that we  
could be

I'm on the search, two floors high  
I see the girl that I've been chasing after  
Wishin' her eyes would just reach mine  
Please girl, you know exactly who I'm after

I can't begin to explain this infatuation  
That I've grown with you  
And all that has to do with every moment  
That I'm here and you're not

More than you thought  
You've never compromised without rolling your  
I know you've completely torn apart the fact that we  
could be

I'm on the search, two floors high  
I see the girl that I've been chasing after  
Wishin' her eyes would just reach mine  
Please girl, you know exactly who I'm after

And I thought that I would make it, but you escaped it  
And you swore that you would take this somewhere,  
somewhere  
Now I'm lost and you're just fakin' the way you played  
this  
The escape game never seemed so cruel when

I'm on the search, two floors high  
I see the girl that I've been chasing after  
Wishin' her eyes would just reach mine  
Please girl, you know exactly who I'm after

I'm on the search, two floors high  
I see the girl that I've been chasing after  
Wishin' her eyes would just reach mine  
Please girl, you know exactly who I'm after
