All I want is to be with you  
All I want is to be with you  
Show your cards, show me what you got  
We'll break these poker faces, like it or not

Everyone's in my head  
But I want you in my bed  
I never want to go a day without you  
I could never go a day

Come closer to me, baby  
I've got everything you need  
To fill your hunger pangs for tonight

Warm me up beneath the sheets, babe  
I've heard all about how you can save  
I don't wanna go a day without you

Warm me up beneath the sheets, babe  
I've heard all about how you can save  
I don't wanna go a day without you

Innocence meet jealousy  
Isn't she stunning?  
She'll make you smile so wide inside  
Make you wish you'd bring back those nights

Take a walk with me through my head  
I'll show you where I rest  
All those nights when I'm without you  
Draw a new breath, I swear I'll show you

Come closer to me, baby  
I've got everything you need  
To fill your hunger pangs for tonight

Warm me up beneath the sheets, babe  
I've heard all about how you can save  
I don't wanna go a day without you

Warm me up beneath the sheets, babe  
I've heard all about how you can save

I don't wanna go a day without you

Come closer to me, baby  
I've got everything you need  
To fill your hunger pangs for tonight

This can all be a reality  
If you just say you'll stay here with me  
I'll make sure everything is on right

Warm me up beneath the sheets, babe  
I've heard all about how you can save  
I don't wanna go a day without you

Warm me up beneath the sheets, babe  
I've heard all about how you can save  
I don't wanna go a day without you
