Tried to find both my life and my love  
Took the time to write down all my thoughts  
Found that I need to let go of you (Let go of you)  
All of my worst insecurities

'Cause I've got the tendencies  
Of dancing away at anything alarming  
And so...

Can you, will you  
At least attempt to stay now  
Just turn around  
I'll make you break through  
Never betray you  
And now I know that I  
Can't go back on all those promises I shredded but  
Can you, will you  
At least attempt to stay now

Wonder why, why its taking so long  
To step back and admit all my wrongs  
Always gave everything you had to me (Everything to me)  
Tell me why I continue abusing

My insecurities have taken away  
What I consider charming  
And so...

Can you, will you  
At least attempt to stay now  
Just turn around  
I'll make you break through  
Never betray you  
And now I know that I  
Can't go back on all those promises I shredded but  
Can you, will you  
At least attempt to stay now

Whoa, I'll never tell you why I do those things I do  
Whoa, Oh please just show me some understanding,  
baby

Whoa, Just trust my soul that I, I'm trying, God I'm  
trying  
Oh, To let you know that I, I've tried to tell you that...

My insecurities have taken away  
What I consider charming  
and so...

Can you, will you  
At least attempt to stay now  
Just turn around  
I'll make you break through  
Never betray you  
And now I know that I  
Can't go back on all those promises I shredded but  
Can you, will you  
At least attempt to stay now
