Say the word and I'm on my way  
You just choose the time and place  
And I will run to you  
And leave my whole world behind

Come to me and soothe my soul  
Hold me tight and don't let go  
Make me believe in love  
Once more

All this pain and misery  
Is not the way my life should be  
Hurry home and rescue me  
Please make my life complete  
With all the love I need  
And I'll be here waiting for you

Turn down the light  
Get it on  
Why don't you take me in your arm  
Come on and put that bluelight on  
Turn down the light  
Get it on  
Why don't you take me in your arm  
Come on and put that bluelight on

You're the one I'm searching for  
The one I cherish and adore  
So much inside of me  
Touch my heart and set me free

Hurry home and erase the past  
Of all the love that didn't last  
Only you hold the key  
To the deepest part of me

All this pain and misery  
Is not the way my life should be  
Hurry home and rescue me  
Please make my life complete  
With all the love I need

And I'll be here waiting for you

Chorus
