(Ewww Yeaahhh)

Only you plus me

Forever how its gona be

That's our love theory

The way I see it

These are the things we have to do

To make this work this relationship between me and  
you

Far beyond the obvious physicalities

This goes way beyond what the human eye can see

I need to go deeper (deeper) deep inside your mind (in  
you)

To see the common things inside of you that we might  
find

(a lil lov'n a lil laughter) can lead to happy ever after

All these things we can be that's the theory that's  
relative to me

Only you plus me

I swear that's how its gona be (mm mmm mm mm)

That's our love theory (love's theory)

1 and 1 makes 2

And always be a me and you (a me and you)

That's our love's theory

The way I see it

These are the things we have to do (we have to do)

To make this work this relationship between me and  
you

Far beyond the obvious physicalities

This goes way beyond what the human eye can see

I need to go deeper (deeper) deep inside your mind

To see the common things inside of you that we might  
find

(a lil lov'n a lil laughter) can lead to happy ever after

All these things we can be that's the theory relative to  
me (me)

Only you plus me

I swear that's how its gona be (how its gona be gona

be)  
That's our love theory (aahhh yeeaaah)  
1 and 1 makes 2  
And always be a me and you (always be me and you

It's our love's theory

(BRIDGE)  
What else can I say (what else can I say)  
I don't want to end it this way (noo I don't want to end it  
this way no-no naw)  
Everything I have is for you  
Can't you see you mean everything to me (meeeeeeah)
