'Round midnight
'Round midnight
'Round midnight

It begins to tell 'round midnight, midnight
I do pretty well til after sundown
At supertime I feeling sad
But it really gets bad 'round midnight
'Round midnight

Memories always start at midnight, midnight
Haven't got the heart to stand those memories
When my heart is still with you
And the midnight knows it too

When the quarrel we had need mending
Doesn't mean our love is ending
Darling I need you
Lately I find
You're out of my heart and I'm out of my mind
Oh let our hearts take wings from midnight, midnight
Let the angels sing for your returning
Til our love is safe and sound
And the midnight goes around
'Round midnight

'Round midnight
'Round midnight

Need you to hold me baby around
'Round midnight
I want you to kiss me baby
'Round midnight
Undress me, caress me, and bless me baby
'Round midnight
I need you to love me baby
'Round midnight
