My love is here tonight  
So good, so right

Tell me what's on your mind  
What you've lost, baby I can help you find  
Anything that's wrong, boy, I can make it right  
I really wanna get to know you  
(Get to know you) Oh, yes, baby, tonight

Baby I know what you need cause  
I've custom made my love  
To fit you personally, yeah, oh yeah  
I know that you wanna know  
My love is just for you  
A tailor made love  
Tailor made for you  
Good love is so hard to find and  
This one's just for you  
A tailor made love  
This is what I'll do

If you really want some peace of mind  
Come on baby won't you spend some time  
Baby won't you spend some time  
All that you demand I know I can supply  
You don't have to move a mountain  
It's just for you baby, I'll climb

Tell me when and what you need, oh  
And I'll wait right here for you  
Cause there is nothing I won't do

Chorus

Good love is hard to find  
Don't you look any further  
(My love) Good love, baby  
Is here tonight  
So good so right

(Scat along with...)

A tailor made love, all right  
Anything you want  
A tailor made love, all right  
A tailor made love

Chorus

Anything you want (fade)
