I'm sick of government warnings
telling me to watch my intake
I know my limits and I know everyone makes mistakes
And ill tell you im fine, tell you im fine
Ill tell you when Ive had enough
I can't take it to hard
I want every last drop going to my head

I'm going out of my way to go out of mind
going out of my way
I'm going out of my way to go out of mind
going out of my way

I don't want trouble or bad times
I'm a responsible citizen
But now and then some people spoil it for everyone
else
Some people should not partake
Sometimes its a big mistake
I have no say
You know its in control, and I'm controlling myself

I'm going out of my way to go out of mind
going out of my way
I'm going out of my way to go out of mind
going out of my way
And ill tell you im fine (I'm going out of my way)
I'll tell you im fine
ill tell you im fine
I can't take it to hard i want every last drop going to my
head

So far to walk away
So far to walk away (I feel so much better than I did this
morning)
So far to walk away (I feel so much better than I did this
morning)
So much better better, than this morning
I feel much better than this
Morning, I feel so much better I feel
So much better i feel so much

I feel i feel so much better

Its in control, Am I Controlling myself
Its in control, Am I Controlling myself
Its in control, Am I Controlling myself
Its in control, Am I Controlling myself

I'm going out of my way to go out of mind
going out of my way
I'm going out of my way to go out of mind
going out of my way
And ill tell you im fine (I'm going out of my way)
I'll tell you im fine
ill tell you when ive had enough
I can't take it to hard i want every last drop going to my
head
