You are so sure  
You're insecure  
You cant help feeling  
So unstable

There's nothing better  
Than the sense  
Of needing something so unstable

We didn't want the kids to call  
And say something they heard before (x2)

These echoes  
Of the final call  
Are all we need to get it started

So with all your courage  
You take the final reach  
And end it  
Letting go  
Letting go

We didn't want the kids to call  
And say something they heard before (x2)  
We didn't want the kids to call  
And say something they heard before (x2)

I don't know what to say to you  
We don't know where you're going  
I don't know what to say to you  
We don't know where you're going

We didn't want the kids to call  
And say something they heard before  
We didn't want the kids to call  
And say something they heard before
