I wanna feel the sun, drenched in ocean love  
With island fever, a strong believer that I won't be back  
til late this evening  
I'll tell you what I'm gonna do, I'll write this song for you  
With a pen and pad, and my guitar in hand  
And see the seas to feel the sun again (I hope)

Lets heat it all the way up to fever  
Tell me I'm unfaithful but I'm not to decieve her  
I'm the runningback so I might receive her  
Give and go pump fake touchdown now we up  
Now now drinks up to the sky toast to my lady damn  
she so fly  
People try to up my game but I have a full hand  
Full house yea u got it dude, I'm the man  
I said I do it for my city and I do it for my fans  
I also do it for girl  
Let me find a globe and give you the world  
The finner things in life trust me girl  
We'll be ballin around the world like the Globetrotters  
Don't like the weather I'll take you some where hotter  
Damn you rocka -fella like Jay Z  
Summer time now lets live it up let's get a little crazy

I wanna feel the sun, drenched in ocean love  
With island fever, a strong believer that I won't be back  
til late this evening  
I'll tell you what I'm gonna do, I'll write this song for you  
With a pen and pad, and my guitar in hand  
And see the seas to feel the sun again (I hope)  
I wanna see the sun again  
And see the seas to feel the sun again (I hope)  
I wanna see the sun again

Lets just get up on the plane  
First class lean your head back relax we are now on  
vacation  
Damn I can feel you heart racin but girl just pace it  
We have plenty of time to enjoy these places  
It's a celebration nothin short of a good time  
Get in the benz and yell it to the sky  
Over here give me a little clap

She has a time machine with the way she bring it back  
And I'm feelin her like the track and my rhymes that I  
spit  
Forget these other dimes cause they aint sh\*t  
Beach sand on my toes with the glasses over my eyes  
Let's do it big, lets soak in the sunshine

I wanna feel the sun, drenched in ocean love  
With island fever, a strong believer that I won't be back  
til late this evening  
I'll tell you what I'm gonna do, I'll write this song for you  
With a pen and pad, and my guitar in hand  
And see the seas to feel the sun again (I hope)  
I wanna see the sun again  
And see the seas to feel the sun again (I hope)  
I wanna see the sun again

Listen to the sound beneath my feet it is calling you to  
me, you know  
And I've been pulled into the undertoe just enough to  
overflow this boat  
Drag me to safety with your heart in a jacket, stitched  
and I will be on the first ship back, (but)

I wanna feel the sun, drenched in ocean love  
With island fever, a strong believer that I won't be back  
til late this evening  
I'll tell you what I'm gonna do, I'll write this song for you  
With a pen and pad, and my guitar in hand  
And see the seas to feel the sun again (I hope)

I wanna feel the sun, drenched in ocean love  
With island fever, a strong believer that I won't be back  
til late this evening  
I'll tell you what I'm gonna do, I'll write this song for you  
With a pen and pad, and my guitar in hand  
And see the seas to feel the sun again (I hope)  
I wanna see the sun again  
And see the seas to feel the sun again (I hope)  
I wanna see the sun again
