Well I guess it's kinda funny how
I loved you so way back when.
You say I wouldn't know you now,
Well I didn't even know you then.

We take (we take)
A lot (a lot)
And no one here can stop
That train (that train)
Before (before)
It gets to where it's goin'.
And aaaahhh

So I guess it's kinda funny how
I loved you so way back when.
You say I wouldn't know you now,
Well I didn't even know you then

I heard (I heard)
About (about)
The company you're keeping
And from (and from)
Someone (someone)
Who didn't have much interest
In keeping us apart.

Well I guess it's kinda funny how
I loved you so way back when.
You say I wouldn't know you now,
Well I didn't even know you then

And so I go out friday night and talk to anyone I can.
If they can see me they can hear me run my mouth.
I tell them all I'd love to see you once again
Or maybe just run into you hanging out,
Hanging out.

You know (you know)
I lie (I lie)
So it comes as no surprise
When I (Admit)

That I (That I)
Don't really want to reunite.

So I guess it's kinda funny how
I loved you so way back when.
You say I wouldn't know you now,
Well I didn't even know you then.

So I guess it's kinda funny how
I loved you so way back when.
You say I wouldn't know you now,
Well, I didn't even know you then.
No, I didn't even know you then.
No, I didn't even know you then.
