Knock knock hands up guess what we've got  
Non stop punk rock hip-hop heart stop  
Head lock brain shock bass drop we've got  
One shot tick tock time's up stop

Knock knock who's there chipK chip who  
ChipK Leon Straff and J give or take a few  
We've got strings flutes exclusive loops  
Big beats stomping to the sound of your boots  
You got selected join the Collective  
And take salvation to places uninfected  
I'm like a manic street preacher shoutin in your face  
Can you tell me how we can top Amazing Grace

Don't flow off the dome go with me  
Get crunk that's the junk down with me  
Jump up take it up bounce with me  
Dum dum y' sing along bring it on

Come together stand by me  
All you need is real salvation  
Death defied we'll walk on free  
Justified by love

I may seem crazy you place me with no credibility  
You underrate me say I'm phasy I'm fake- see  
I can't hear a word that you say to me  
Shooby doo blah blah  
God made me saved me embraced me  
Gave me the credibility I needed  
To make me holy He showed me  
He sees me He feeds me  
He makes me the way He wants me  
He graces me amazingly

Can you feel his love

And I believe in Jesus Christ who came and died to save  
me  
So I can gain eternal life with everlasting glory  
And i believe He will return and we will stand together  
Then angels sing with all the earth and praise His name

forever
