Becoming clean,
Slowly I get back to what I've been
I close my eyes and I can't see you smiling

It's good to hear, your voice it's good to feel your
breathin'
I close my eyes again, I feel nothing

I wrote these words for a new beginning, I start once
more
To loose control, I feel addicted and I feel small

Never touch the wings of a butterfly cause it may die,
like I did
You've torn something apart, you cannot cure it
anymore!
The way you stare at me with bright eyes I cannot
understand, your good bye
I miss the times we were hand in hand!

So let me guess
I'm just a fool for you that can't get through
Straight to your heart
From up here stars fall apart

I can see you run
You decide to hide, is that your new-found life?
We're shaking hands, nothing more than just good
friends

I wrote these words for a new beginning, I start once
more
To loose control, I feel addicted and I feel small

Never touch the wings of a butterfly cause it may die,
like I did
You've torn something apart, you cannot cure it
anymore!
The way you stare at me with bright eyes I cannot
understand, your good bye
I miss the times we were hand in hand!
