Can you see me getting ready to go screaming my frustrations away start thinking for yourself and breathe again don't ever let them don't ever let them fuck you up

Stand up, start again, take care, make them scream STAND UP, start again, take care, make themÂ...Â... scream!!!

you want a revolution well you should know you want to change the world you tell me that it's evolution and breathe again don't ever let them don't ever let them fuck you up

Stand up, start again, take care, make them scream STAND UP, start again, take care, make themÂ...Â... scream!!!
