Here is a story I want to tell about MEAT, MEAT, MEAT  
In most of countries it's much too cheap  
Animals are abusing and dying in front of me  
A death without reason is no use to be

Do you don't think if you buy?  
Animals are abused under lies  
There are people blind to see  
Think about it, eat no meat!

Why so many people think that animal don't feel?  
Instead of living wary they're slaughtered and killed  
Before you eat the meat look in there freaked out eyes  
Now think about this, we wish you a good night

Do you don't think if you buy?  
Animals are abused under lies  
There are people blind to see  
Think about it, eat no meat!

Do you don't think if you buy?  
Animals are abused under lies  
You wear the fur on your back  
Come show your face we'll break your neck!

MEAT IS MURDER  
MEAT IS MURDER  
MEAT IS MURDER

It's time to react!!!!!!

Do you don't think if you buy?  
Animals are abused under lies  
There are people blind to see  
Think about it, eat no meat!

Do you don't think if you buy?  
Animals are abused under lies  
You wear the fur on your back  
Come show your face we'll break your neck!
