Face to Face you stand to me  
(With the baton in your hand)  
With it you bring me to my Knees  
(Blood spurts)  
You really think that you can stop us  
(No Way)  
Maybe for today but not  
(For tomorrow)

This is the result if playing god  
For fucking honor fucking blood  
At the protest you will see  
This fuck police brutality

you can take away our rights  
(But not This time)  
Now it's the time for us to fight  
(Till the end)  
You really think that you can stop us  
(No Way)  
Maybe for today but not  
(For tomorrow)

This is the result if playing god  
For fucking honor fucking blood  
At the protest you will see  
This fuck police brutality

Kill Cops  
yeah!!!!!!  
yeah!!!!!!
