Light up the fire  
Sing me a song of love  
There is a reason for every season,  
For every star above.  
Yesterday's gone,  
We make a brand new start  
Falling in love is beautiful,  
It lightens up your heart.

Be my man  
And I will be your woman all the way  
No matter what goes wrong, I'll always stay  
Believe me.  
Be my man,  
If ever times get rough, don't wonder why  
Together we will give it one more try  
Be my man.

Light up the fire  
Carry me through the night  
Show me your love and give me the feeling,  
Everything turns out right.  
Give me your smile,  
Give me your heart of gold  
We've got a lifetime  
And in a life-times-loving we grow old.

Be my man  
And I will be your woman all the way  
No matter what goes wrong, I'll always stay  
Believe me.  
Be my man,  
If ever times get rough, don't wonder why  
Together we will give it one more try  
Be my man.

Light up the fire...

Be my man  
And I will be your woman all the way  
No matter what goes wrong, I'll always stay  
Believe me.  
Be my man,  
If ever times get rough, don't wonder why  
Together we will give it one more try  
Be my man.

Be my man  
And I will be your woman all the way  
No matter what goes wrong, I'll always stay  
Believe me.  
Be my man,  
If ever times get rough, don't wonder why  
Together we will give it one more try  
Be my man.

Be my man  
And I will be your woman all the way  
No matter what goes wrong, I'll always stay  
Believe me.  
Be my...
