Underneath the stars baby, down by the sea.
Hoola, hoola carry me away.
Let your loving feeling shine on me.
Hoola, hoola every single day.
Let's not worry, show 'm how to do it right.

Chorus

I love you, yes I do love you baby.
Some day soon you'll realize.
I love you, yes I do love you baby.

When I look into your eyes.

Verse

Everywhere there's music, you can see the people
dance.
Hoola, hoola carry me away.
Can you feel the power? Take a chance.
Hoola, hoola every single day.
Let's not worry, show 'm how to do it right.
