Every thing I said was a lie
But you got to understand
I'm a human and I want you
Yes I need you, just to like me

You think that you've seen
All the bones in my closet
But you got to realize
I am always in disguise
And I need you and I want you
Just to like me

Wont you just understand
That the real me is too much for you
Honestly trust me
I will always deceive
Wont you just understand
That the real me is too much for you
Honestly trust me
I will always deceive oh yeah

I know that it seems
That I'm always in your dreams
But it's not really true
It's all just a coup
'Cause you want me and you need me
Just to like you
Just to like you

You laid in my bed
And what lingered in your head
Was a venomous tale
Of something off the scale
'Cause you want me, you need me
Just to like you
Just to like you

Wont you just understand
That the real me is too much for you
Honestly trust me
I will always deceive
Wont you just understand

That the real me is too much for you
Honestly trust me
I will always deceive oh yeah

You're in love with a fantasy
You'll digress with great appease
Your comfort zone is being invaded
With a shadow that's belated

Wont you just understand
That the real me is too much for you
Honestly trust me
I will always deceive
Wont you just understand
That the real me is too much for you
Honestly trust me
I will always deceive oh yeah
