I lost faith in those around me
I lost faith in those up above
I lost faith in my lovers
I lost faith in myself

Everyone has a secret
Everyone has a past
My one lonely secret
Is gonna be my last

I will carry it with me 'til I lie in my grave
And my body won't rest 'til I bury my shame
And my conscience consumes with the force of a gun
And this burden is heavy, I've nowhere left to run

I've experienced fortune
I've experienced fame
Money makes strange bedfellows
Friendship is the price I pay

I have drank all my sadness
I have smoked all my pain
And there's no-one left to help me
And there's no-one left to blame

I will carry it with me 'til I lie in my grave
And my body won't rest 'til I bury my shame
And my conscience consumes with the force of a gun
And this burden is heavy, I've nowhere left to run

Is it over now?
Lord, tell me how
Time to hide my tracks
Time to cover my back
Time to cover my back
Time to cover my back
Time to cover my back
Time to cover my back

I will carry it with me 'til I lie in my grave
And my body won't rest 'til I bury my shame
And my conscience consumes with the force of a gun

And this burden is heavy, I've nowhere left to run
