Gone and disappearing on this cold night  
I never thought it'd be that way  
Your crying eyes they form the question  
Formed by the words that we have shared

Uncovered signs now change the times  
Perplexing incongruent lies  
Unparalleled, impossible, complacent amiable souls

God, I wanna see you on the inside  
But it's not feeling like that way  
I wanna see you on the inside  
But it's not feeling like that way

Confusion bleeds to vulture stares  
Conviction bleeds the silence here  
She suffocates and I regret  
Wafer thin and falling from interest

Goodbye my friend  
And disappearing on this cold night  
I never thought it'd be this way  
Your crying eyes they form the question  
Formed by the words that we have shared

I am sorry but this is the way it has to be right now  
(The way it has to be)  
I am sorry but this is the way it has to be right now  
(I don't wanna see you cry)  
I am sorry but this is the way it has to be right now  
(The way it has to be)  
I am sorry but this is the way it has to be right now  
(The way it has to be)
