Let yesterday be yestarday
Don't let us go to for what happened yesterday
On the backseat of your car
It was the 3rd of september
When I meet you at the whiskybar
And yes still do remember
But I don't wanna love you
I don't wanna know your name
I don't wanna love you
I don't wanna play this game anymore
It was fun, but now it's over
And I know what I have to do
Caise I live the life of a rover
Adn I have to get over you
Now I stand here at the station
Whith you right by my side
But I can't change the situation
And the tears that you can't hide
