Everybody's crazy now  
Everybody's free  
Girl you made me happy  
So that all the world could see  
And we walked together  
A piece along the way  
Maybe we will meet again some day  
It's gonna be Okay

Everybody's crazy now  
Everybody's free  
Girl you made me happy  
So that all the world could see  
And we walked together  
A piece along the way  
Maybe we will meet again some day

It's gonna be Okay  
OKAY  
(Instrumental)

Everybody's crazy now  
Everybody's free  
Girl you made me happy  
So that all the world could see  
And we walked together  
A piece along the way  
Maybe we will meet again some day  
It's gonna be Okay  
It?s gonna be Okay  
It?s gonna be Okay
