Until your heart stops beating  
You may never, ever know it's there  
So take a breath  
Skin so fair and lovely  
Baby, don't you know that it's been there  
For all your life

We're so alive, we forget to die  
We all wanna live forever  
We don't want to see the end tonight  
We're so alive, we forget to die  
We all wanna live forever  
Yet we lay buried with this lie

The sound of our desire's killing  
Us about as quiet as the grave  
Lest we forget  
We should be scared as hell is real  
Brother take a look at what we've done  
We should be scared...
