Stars fell out of the sky  
And broke the darkness of night  
The mountains fell as we bid farewell  
The greatest night of my life

The ground shook under my feet  
As you reached your hand out to me  
So I'll forever sing

This journey I've endeavored  
Has now come to an end  
I feel as though forever  
Is waiting to begin  
And I can't help but stare  
As these trumpets blare  
Sounding of the end  
Where I begin

Run but not grow tired  
The death in my life will expire  
I won't be alone cause you brought me home  
The greatest night of my life

The gates will rise up over me  
And I'll be so undeserving  
So I'll forever sing  
Yeah

This journey I've endeavored  
Has now come to an end  
I feel as though forever  
Is waiting to begin  
And I can't help but stare  
As these trumpets blare  
Sounding of the end  
Where I begin

All we have we rest in your hand

This journey I've endeavored  
Has now come to an end  
I feel as though forever

Is waiting to begin  
And I can't help but stare  
As these trumpets blare  
Sounding of the end  
Where I begin
