Hey Adam, you'll never guess what I saw last night.  
What?  
I saw Mommy kissing Santa Claus. That's right.  
Oh no.  
They were listening to music, and their voices were  
low,  
And he looks a lot like someone that you and I both  
know!  
Who?

Well, I saw Santa rockin' round the Christmas tree  
And Mama was as close to Santa as you are to me

They filled up the socks,  
But before he could go  
They started to kiss.

Santa just couldn't go.

Well, I saw Mama help Santa decorate the tree  
With little bitty presents and candy canes for you and  
me

He started to leave...  
Mm!  
Then he turned around.  
I made a noise.  
\*Clunk\*  
I was sure to be found!

Well, I saw Mama kissin' Santa 'neath the mistletoe  
Yeah, and he looked like someone I thought you  
oughta know
