Joe Praries and the prarie walliflowers  
Los Paranoias  
Los paranoias invites you to (I can't make it)  
To just enjoy us (I can't make it)  
Come on you can do it baby  
Come on and join los paranoias  
Just enjoy us  
Los paranoias  
Oh! los paranoias  
Come on and join us (harmony)  
Los paranoias  
Come on enjoy us  
Well! los paranoias  
We're here to sing for you  
And whenever you want us to  
We will sing a little song for you  
Los paranoias...

You know you sit back by the fire, by the fire  
baby come and get higher  
with Los paranoias  
Just enjoy us  
Sit back and enjoy the paranoia of paranoias  
and you take some drum  
Ha! Los paranoias  
We want you to enjoy us  
[spoken gharrison] That's very good material
