You told me we were right
You told me there was no other life
They were weak, and we were strong
Now we've both never heard this song.

[Chorus]
We went to fight them
Tried to bite them
But they were strong
Oh Oh Oh Oh Oh
Suddenly everyone was gone
So I surrendered
His heart so tender
Maybe I could take them there
But that would have taken me nowhere.

This life is so unfair
Unnatural in every factor
Didn't even have to breath air
Which really helped when She was there.

[Chorus]

Her blood was so sweet.
Really just wanted to eat
But they were there...
... and that would have taken me nowhere

[Chorus]

Bree
