"Lullabye"

Remember when we used to say we ruled
We thought that everybody else were fools
Well I guess it seems that we were too
When I wake up in the morning I don't see you

I think about it like it's yesterday
That girl she left my heart in disarray
Well you came along and kissed the tears away
An empty can by your door and I was on my way

I'm not the type to dwell in the past
And I know I'm the one that threw us in the trash
But sometimes some things are so hard to say
Bye bye baby, baby goodnight

You're never out of my mind just cause you're out of
my sight
And I hope a better man is holding you tonight
Goodbye baby, sweet dreams, baby goodnight
