This time you think that you were right,
Now I can sleep tonight without you,
So don't say you know what this is like.
You'll bite your lip until it bleeds,
You'll make this simple,
Maybe you're just crazy,
But it doesn't faze me.
I'm never one,
To feel the things you do,
The way you do,
But this is what I'll say to you.
I don't think it's fair for me to sit around and wait,
I've been waiting here forever.
I don't think it's fair for you to make me feel the way I
do,
Now that we have grown together.
All you wanted was a crowd,
I'll make this simple,
Maybe it's the right way,
Maybe it's the wrong way.
You're always singing,
But you were never seeing,
Just what I need from you,
So this what I say to you.
I don't think it's fair for me to sit around and wait,
I've been waiting here forever.
I don't think it's fair for you to make me feel the way I
do,
Now that we have grown together.
In my life, I'll see you again.
But next time, I hope that you will understand.
