She held lightning in her hands  
She's been cornered by the man  
I pretend no answering riot  
As we hid it on the hill we ran  
Fuel the mission  
With our passion  
Fighting still we ran

Do you know the way  
To the silver coloured road  
By the city that's run dry  
On a sequin covered horse  
And they're waiting for us to arrive  
200 naked pure gold girls  
And then I said I'll watch them ride

Made of crystals in the sand  
If you want to taste you can  
In the city where the people are alone  
She held lightning in her hands  
She's been cornered by the man  
I pretend no answering riot  
As we hid it on the hill, we ran  
Fuel a mission  
With the passion  
Fighting still, we ran

Do you know the way  
To the silver coloured road  
By the city that's run dry  
To the sequin covered horse  
And they're waiting for us to arrive  
200 naked pure gold girls and then I said  
I'd watch them ride

Do you know the way  
To the silver covered road  
By the city That's run dry  
To the sequin covered horse  
And they're waiting for us to arrive  
200 naked pure gold girls and then I said

I'd watch them ride
