Another early mornin'  
Wake up and rub my eyes  
I'm ready to take on the day  
Believe me that sure comes as a surprise  
I wanna see the world  
I'm gonna step outside  
Reach my hands to the sky  
Today's the day I'm ready  
There's so much for me to take in today  
Nothin's gonna stop or slow me down  
Just take it day by day  
No matter what people say  
Wanna have it all someday, somehow  
Oh yeah ee yeah, oooh yeah  
Just let me go explore  
The world is my playground  
I feel I could hop, skip, jump and run around  
Turn this town upside down  
I want to spread my wings  
While I try everything  
Dance like nobody's watching me  
Now I'm ready  
There's so much for me to take in today  
Nothin's gonna stop or slow me down  
Just take it day by day  
No matter what people say

Wanna have it all someday, somehow  
I just wanna play  
Nothin's gonna stop or slow me down  
Just take it day by day  
No matter what people say  
Wanna have it all someday, somehow  
I'm gonna have my way  
Like every day is Saturday  
No one will rain on my parade  
Look at me I've got it made.....  
Got it made.....  
Oh, there's so much for me to take in today  
Nothin's gonna stop or slow me down  
Just take it day by day

No matter what people say  
Wanna have it all someday, somehow  
I just wanna play  
Nothin's gonna stop or slow me down  
Just take it day by day  
No matter what people say  
Wanna have it all someday  
There's so much for me to take in today  
Nothin's gonna stop or slow me down  
Just take it day by day  
No matter what people say  
Wanna have it all someday, somehow (Fade out)
