Whooo~ooo we are
We're taking your breath away~ay~ay
Whooo~ooo we are
We're taking your breath
We're taking your breath away~
We are~
The Students, The Teachers
The Profits, The Seekers
The Music, The Speakers
We Are~
The Skeptics, The Schemers
The Preachers, The Dreamers
The Peaches, The Creamer
We Are~
The Meek and The Meager
The Bold and the Eager
The Sleek Upper Leaguers
We Are~
The Princess, The Pauper
The Mother, The Daughter
The Dirt and The Water
We've all,
Been Born and re-birthed
Scorned and unearthed
Bit and been bitten
We all,
Reformed, become able
Are strong as a table
Still soft as a kitten
We all,
Been torn from the pages
Of fools and of sages
Been bound and rewritten
(No kidding)
As Lyrical Sisters
No one can resist us
The Angels have kissed us
Who we are ~ This is who we are
Who we are ~ well
This is who we are
Who we are ~ well

This is who we are~
We're the stars, the stars, the stars, the stars, the
stars...
Who we are ~ This is who we are
Who we are ~ well~
This is who we are ~ who we are ~ well~
This is who we are~
We're the stars ~ the stars ~ the stars ~ the stars ~
the stars
The stars~
With love and patience
In conversations
Through this uni~verse we'll connect like constellations
With love and patience
Between the nations
Through this uni~verse we'll connected like
constellations
With love and patience
Comes elevation
Through this uni~verse we'll connect like constellations
Open
The heart
The mind
Divine ~
We shine (we shine~we shine~we shine~)
