I got your picture in my pocket
I got your name tatoood on my back
Outside my window, thunder's crashing
I wish I knew when you were coming back
(What do you do in the summer when it's raining?)
I pull my hair back
My head under the faucet
It's so hot in here I gotta get out
My air condition is broke
I gotta toss it
Wish I had your arms to help me out

Chorus:

What do you do in the summer when it's raining?
All alone up in my room
What do you do when the one you love's a thousand
miles away?
What do you do when you just feel like escaping?
Are you dreaming bout me too
I just clsoe my eyes and fantasize (fantasize) thinking
of you

I surf the web (www dot) whatever
But you're the only thing that's on my mind
Turn on the tv to check the weather
I wonder why I don't just look outside

Chorus:

What do you do in the summer when it's raining?
All alone up in my room
What do you do when the one you love's a thousand
miles away?
What do you do when you just feel like escaping?
Are you dreaming bout me too
I just clsoe my eyes and fantasize (fantasize) thinking
of you

You got your Quicksilvers on
You wrapped me in your arms
I brush the sand from your face
You kiss I wish I could taste

I can see myself there
But at the ceiling I stare
I know you're out there somewhere in the sun

What do you do in the summer when it's raining?
All alone up in my room
What do you do when the one you love's a thousand
miles away?
What do you do when you just feel like escaping?
Are you dreaming bout me too
I just close my eyes and fantasize (fantasize) thinking
of you
(what do you do in the summer)
Thinking of you
(when it's raining)
Thinking of me
(when it's raining)
And you
