Give you my lovin seven days a week  
I'll be your honey if you'll be sweet  
I know I'm the only one for you  
I know that you think this is not true  
Man says it's rainin, rainin outside  
I'll be out there in a little while  
Cause you see, rain reminds me of you  
And everything has turned to you  
See you in places, I'm followin you  
You'll be upstairs, and I'll be there to  
Everywhere you go I will follow  
I know it won't be the same tomorrow  
People give me warnings, "Stay away from you  
They say you'll hurt me, I don't think that's true  
Discomfort arouses when I speak of you  
As if you been sayin somethin bad about me  
When I see you I wanna kiss you  
But I know that ain't right so I'd ask if I can hold you  
Oh babe, I need you so bad  
Oh babe, I only wanna make you glad
