Ride it on baby  
Into my view  
Ride it on baby  
Into your side  
Ride it on baby  
Just like you used to do

Did you want me to love you?  
Well, I'm just here for the call  
And you said that you're so low  
Well, I won't really do you any harm

Won't you ride it on baby  
Just like you used to do?  
There's no love that you're over feeling  
And you still want to be with me

But you're leavin' like you said that you would  
I'm awaiting for the call  
And you love like you always say now  
But you know it won't do you any harm

Ride it on baby  
Just like you said that you would  
Oh, then ride it on baby  
Just like you know it's understood

Ride it on baby  
It's still into your view  
Ride it on baby  
I only want to be with you

I'm dreaming that you're going far  
And you lie, takin' wine  
Won't you ride it on baby?  
But you're so heavily priced  
Ride it on baby  
Just like you said that you would
