Come up crash with the muses fells dust into ash  
Come so close that I might see the light inside me, I  
might see  
Let me hold you tight and arms tight and arms you lost  
your chance  
Come so close that I might see the crash of light come  
down on me  
With good luck I'll find the dark, stop me now  
Find me to your heart  
Let me hold you tight like rain and sunshine on a rainy  
day  
See the lights  
Come so close that I might see, see the light come  
down on me  
Searching like the fresh goes by small like wind refuse  
to die  
Free me now so I can see the taste of wind who lock me  
Does the wind indeed like me  
Does the wind indeed like me  
With good luck I find the dark stop me now  
Find me to your heart  
Let me hold you tight like rain and sunshine on a rainy  
day  
Let me hold you tight and arms tight and arms you lost  
your chance  
Come so close that I might see the crash of light come  
down on me  
The crash of light come down on me  
The crash of light come down on me  
Let me hold you tight and arms tight and arms you lost  
your chance  
Come so close that I might see the crash of light come  
down on me  
With spin luck I'll find the dark stop me now find me to  
your heart  
The crash of light come down on me  
So tonight the crash goes by  
Small like wind and refuse to die  
The crash of light come down on me  
Come so close that I might see, see the light come  
down on me  
I hold you tight like rain

Sunshine on a rainy day  
Sunshine on a rainy day
