The hands are reaching for the three and the twelve
But the limbs in the light aren't fading
Tangled figures dream they stay just to spite
The secret life she's parading

Silent sin can speak can sing you the ways
A cabaret where secondhand hearts can play
The classic dance between the fringe and the fray
Where the hips can play
(She's gonna get it, she's gonna get it)

Romance in a slow dance
At the scene of the scar laces lovers and hearts
Silhouettes, (she's gonna get it)
Take a chance (she's gonna get it)
Make the heat in the sheets like no one can

She shakes and makes her whispers barely discreet
While the pace and the breath start to quicken
A foreign shadow slowly enters the room
To prove that he's not the victim
They dance in the dark, locking rhythms with art
The fragile cliché burns at the seams
(At the seams)
A dash of it's passionate, a violent flash and
It puts an end to all that's obscene
(She's gonna get it)

Romance in a slow dance
At the scene of the scar laces lovers and hearts
Silhouettes, (she's gonna get it)
Take a chance (she's gonna get it)
Make the heat in the sheets like no one can

(Dance like no one can)
Whoa-yeah!
(Dance like you don't know)
She's gonna get, she's gonna get it
(Dance like no one can)
Whoa-yeah!
She don't know what's comin'

Romance in a slow dance
At the scene of the scar laces lovers and hearts
Silhouettes, take a chance
Make the heat in the sheets like no one can

Romance in a slow dance
At the scene of the scar laces lovers and hearts
Silhouettes, (she's gonna get it)
Take a chance (she's gonna get it)
Make the heat in the sheets like no one can
