What?
Yeah! Come on! Woo!
We got ladies up in the club!
Yeah! Yeah! Kashif! The Bilz!
Oh, yeah! Drega!
(M, T, Yo talk to 'em now let's go!)

O, meri rani!
You're the bomb, I wanna know your name
The way you shake your body,
Up and down you make me wanna dance (oh yeah,
yeah yeah)

The way you move your hips and you bite your lip
Oh my god your body's off the day (ooh yeah)
I'm wonderin' if you're single
If you have a man or you available
Come a little closer!

In the way you grab me (oh)
I'm gonna make you my baby (ohh)
Before the night is over,
You're gonna see and grab me (oh)
You gotta stop this fear, say (oh)
Girl you start gettin' me crazy (oh)
It's gonna get hot tonight
If you're gonna spare me this fight!

O meri jaani ja, now can I get yo telephone numba?
You're the finest thing I ever seen,
Now girl I wanna make you mine (aha)
Shawty in the club, (mmm)
You're lookin' so fine it's fun,
I'm lookin' for the one about a song
Let me see if I'm just a little like a fella for you

Jina meri yon, now I'm drowning in your love,
Baby I think we're wasting time now
Bring your body over here, yeah we're gonna get
freaky
I wanna blow your mind out!
I'm gonna, one, make a move, a stylin' something,

Two, understand your body language
Three, you move it, I ever want it
Just now get with me! (some more)

In the way you grab me (oh)
I'm gonna make you my baby (ohh)
Before the night is over,
You're gonna see and grab me (oh)
You gotta stop this fear, say (oh)
Girl you start gettin' me crazy (oh, one, two, one two)
It's gonna get hot tonight
(Yeah, yeah, check, oh)

Come, sick! quick, sick! quick, closer!
My pimp give me chicks think strollers
Chicks flip from my wink, sick door
Makes sh** look like chips, samosas
You get a ground house and your grand mouth
From the streets your girl, wham out the town house
'Cos the same as my links, in rosa
Had a bad bug, but I found out I'm the prince of Goa
Do you like me more?
Score, now I know you's a trifling hoe
I need a chick that love me, rich or poor
If I stick 'em yours, if I dip 'em like more, Drega

In the way you grab me (oh)
I'm gonna make you my baby (ohh)
Before the night is over,
You're gonna see and grab me (oh)
You gotta stop this fear, say (oh)
Girl you start gettin' me crazy (oh)
It's gonna get hot tonight
If you're gonna spare me this fight!

In the way you grab me (oh)
I'm gonna make you my baby (ohh)
Before the night is over,
You're gonna see and grab me (oh)
You gotta stop this fear, say (oh)
Girl you start gettin' me crazy (oh)
It's gonna get hot tonight
If you're gonna spare me this fight!
(Yeah, you know, we ain't gonna stop,
We're going to the top, that's how we do it man)
