If you try to tell me who I am
I'll be gladley to walk away
If you know who I am
Then be a vishinest
Just don't use on me

Just leave me alone
Let me live my life
Alone
Just leave me alone
Alone alone alone alone
Yeah!

If you don't let me control your life
Then don't control mine yeah yeah oh oh
Yeah yeahh ohh
You should make a living
Just don't use it on me

(Course)

You can run away from me
But not all the time
