Oh oh oh oh yeah yeah
Friends are all I have right now
Family and friends is all we need
To get through this
And best friends will do anything for each other

Best Friends Means I Pull The Trigger
And we will do anything for each other
And there's nobody stoping us from making our dream
Come true

Yeah
Best friends were made for each other
To get through a rough time
But we stand strong but somtimes
We fall

Best Friends Means I Pull The Trigger
And we will do anything for each other
And there's nobody stoping us from making our dream
Come true
Best Friends Means I Pull The Trigger
And we will do anything for each other
And there's nobody stoping us from making our dream
Come true

Yeah yeah yeah yeahhhhhh...

Best Friends Means I Pull The Trigger
And we will do anything for each other
And there's nobody stoping us from making our dream
Come true
