Your all I had
And you had to go and leave me alone
Everything that I do I can't do it without you
And all I need is you right beside me

All that I want is you to be close to me
Can see me praying right now

When you left it felt like the world stop turning
And all that I want and all that I need is you
And I can't take it anymore
Your gone
And there's nothing I can do
When you left
Yeah yeah
When you left

I want to hold your hand today
But I can't
So I need to sleep all day
But it's too hard to forget you

All that I want is you to be close to me
Can you see me praying right now

When you left it felt like the world stop turning
And all that I want and all that I need is you
And I can't take it anymore
Your gone
And there's nothing I can do
When you left
Yeah yeah
When you left

All you can do is come back
Yeah Yeah yeah
All you can say I love you
Yeah yeah yeah
When you left
Yeah

When you left it felt like the world stop turning

And all that I want and all that I need is you
And I can't take it anymore
Your gone
And there's nothing I can do
When you left
Yeah yeah
When you left

Can't take it
Can't can't take it no no
Nomore
Can't can't can't
Can't take it anymore
