No ones stoppin me  
No no no no no  
You can't make them for me  
No no no no

What your doing is making your life  
What you say is making no sence  
What you create is makeing your dream  
Your making your life

Hey hey hey hey  
You can't do every thing for me  
Like my dad said  
(You have legs)  
Cause he's right I got legs

No bodys stoping me
