She wanna get outta the car in the middle of the road  
And her screaming and hollerin' is getting mighty old  
She check every paper when you step out the room  
Ain't go no trust in your mama  
Ain't got no trust in your daddy  
Ain't got no trust in your sister  
And she ain't got trust in you  
She want a simple life  
She need a simple man  
That don't drink or smoke darlin'  
Play in a rock & roll band  
Oh, but she want you to hold her at night when she's  
lonely and blue  
Ain't go no trust in your mama  
Ain't got no trust in your daddy  
Ain't got no trust in your sister  
And she ain't got trust in you  
Yeah she's a beautiful gal when she wanna be  
But if you told her so darlin', she'd just disagree  
Oh, she hates your job and what you want him to do  
Ain't go no trust in your mama  
Ain't got no trust in your daddy  
Ain't got no trust in your sister  
And she ain't got trust in you
