All the pain you caused me seems unplained  
And now my heart is broken so you owe me  
And the love that was between us  
Has faded away yeah yeah

That love is gone  
It just disappeared in thin air  
Now the love for you is gone  
Now there's nothin left of us

Now all I can think about is you  
And there's nothing left on my mind  
Is you is you is, is you  
Yeah is you

That love is gone  
It just disappeared in thin air  
Now the love for you is gone  
Now there's nothin left of us  
That love is gone  
It just disappeared in thin air  
Now the love for you is gone  
Now there's nothin left of us

La la la la yeah yeah oh la la  
Yeah yeah yeah oh oh woh oh

That love is gone  
It just disappeared in thin air  
Now the love for you is gone  
Now there's nothin left of us  
That love is gone  
It just disappeared in thin air  
Now the love for you is gone  
Now there's nothin left of us
