Now your gone
Gone to a place called haven
Somewhere I can't go
Wish I could visit you
I new could have pulled through

Now your gone
Now there nothin left
Nothin left of me
Now your gone
Gone to a place called haven

God, let me know if I have to pay a price
To go see him in heaven
I know you didn't go down somewhere I
Didn't want you to

Now your gone
Now there nothin left
Nothin left of me
Now your gone
Gone to a place called haven

Ohh now it only me
Help me(right now)
Oh oh
Everything I need is with you
Oh owh oh

Now your gone
Now there nothin left
Nothin left of me
Now your gone
Gone to a place called haven
Now your gone(3x)

Mmmhmmhmmh yeah yeha oh
Now your gone (5x)
