This is a note to all our fans

We give you autographs
You give us fame
We love you all
Because someday we'll
Make you have fame
Yeah

You make us famous we love you all
We love you all
Because you are our fans our fans

We hate having to leave when
We're signing autographs
But we can't stop it
Sorry
Yeah yeah yeah yeah

You make us famous we love you all
We love you all
Because you are our fans our fans

Na na yeah yeah yeah

You make us famous we love you all
We love you all
Because you are our fans our fans

You make us famous we love you all
We love you all
Because you are our fans our fans

Na na!
