Crashin my world
With your crashin good smile
Crashin my life
With your crashin good eyes

Stop it stop it right now
Stop it stop it right now

Tellin your friends that I'm crashin your world
I'm tellin your friends that your not truthful
Can't you see that it's nothing for me
Yeah so your crashin my world with your crashin good smile

Stop it stop it right now
Stop it stop it right now
Stop it stop it right now
Yeah yeah yeah
Stop it stop it right now
Stop it stop it right now

Yeah stop stop woh woh woh

Stop it stop it right now
Stop it stop it right now
Stop it stop it right now
Yeah yeah yeah
Stop it stop it right now
Stop it stop it right now
