He's all that I wanted
He's all that I needed
He's all
He's mine
And I want him to love me

Tell me everything about him
And so I can get with him
And I can do everything with him
Yeah

He's lovable not like that other girl no no
He's hot
He's soo nice to me
He's sweet and kind soft and mine
And I want him to love me

Tell me everything about him
And so I can get with him
And I can do everything with him
Yeah
Tell me everything about him
And so I can get with him
And I can do everything with him
Yeah

Yeah yeah yeah

Tell me everything about him
And so I can get with him
And I can do everything with him
Yeah
Tell me everything about him
And so I can get with him
And I can do everything with him
Yeah

Yeah oh oh
